HITARTH PATHAK

OBJECTIVE – Creative and motivated Web Developer with a strong foundation in HTML, CSS, JavaScript, and modern front-end frameworks & libraries. Eager to apply my skills to create responsive, user-friendly web applications. Seeking an entry-level Front-End Web Developer role to contribute to a dynamic team while continuing to learn and grow in the field.

SKILLS –
Technical – HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, TypeScript, React JS

Interpersonal – Leadership, Creativity, Professionalism, Attention To Detail, Clean Code

Tools – Linux (Ubuntu), MS Visual Studio Code, Git & GitHub (GitHub Pages), Canva

EXPERIENCE –
Front-End Web Developer (Intern - Paid) – *Auriga IT, Jaipur (May, 2025 – Present)*
- developed a jira clone with react js using javascript style objects (atomic structure, react hooks + custom hook, lazy loading, conditional rendering, react-router + 404 page, memoization, etc.).
- learned typescript & tailwind css.
- vibe coded an e-mail summarization feature using agentic ai (windsurf, agents, large language models).
- developed a chrome extension that allows user to take screenshot & screen recording on a web page.

Front-End Web Developer – *Freelancing, Jaipur (January, 2025 – Present)*
- built a relationship expert website.
- built a coaching institute website.
